Internode SIM Only Classic Mobile Plans

Information About The Service

Service Description: Internode SIM Only Mobile Plans are prepaid month to month mobile services with the specified included usage and included data, supplied using the Vodafone mobile network. All inclusions are for use in Australia.

This product is only available to existing Internode customers who: i) request a plan change for an existing Internode mobile service, and/or ii) add a new Internode mobile plan to an existing Internode account.

Internode mobile plans are paid each month in advance and automatically renew every month until you cancel. Recurring charges are payable monthly in advance, seven days before the start of the next billing cycle. Payment options are Direct Debit or Credit Card.

Classic Mobile Plans are only available by invitation to selected Internode customers. If, after being connected to this pricing plan, you change to a different mobile pricing plan or disconnect your mobile service, you will not be able to return to this pricing plan or reactivate your mobile service on this pricing plan.

Minimum term: Your plan will automatically renew every month, and your plan fees will be invoiced seven days before the start of the next billing cycle. You can cancel the Service at any time by calling Customer Support. Subject to your consumer law rights, if you cancel your mobile plan part way through your billing cycle you won't receive a refund of your plan fees for a partial period or for any unused Prepaid Balance.
